

## ***CRONULLA RIOTS - THE REASONS***

Much has been made in the media about the Cronulla demonstration on Sunday 11th December 2005 being because of White racism. This is absolute nonsense; the reasons behind the demonstration were as follows -

- ~ Young men of a Middle Eastern background have been terrorising and pack raping young White women all across the nation with the misguided belief that all White women are whores
- ~ Youths of a Middle Eastern background are five times more likely to commit crime than the rest of society
- ~ A large proportion of Middle Eastern youth are members of gangs who deal hard drugs and treat the rest of society with utter contempt
- ~ People no longer feel safe in public because of the actions of young men of a Middle Eastern background
- ~ The people who gathered at Cronulla on Sunday 11th December were simply voicing their concerns about the direction this country is taking. The demonstrators are concerned that White Australians no longer have a voice in this country whilst our government constantly panders to the every need of minority groups.
