Fighting for a referendum on immigration

ARE YOU CONCERNED FOR THE FUTURE OF AUSTRALIA?

Have you ever thought that the vast majority of Australia's social problems are caused by immigration?

Have you ever wondered why we have never had a say in who comes into Australia?

Are you worried about your family's future in a predominantly Asian Australia?

Do the new Industrial Relations reforms make you think that Australia is fast becoming a third world country fuelled by cheap labour?

Are you sick and tired of not having a voice whilst minority group after minority group constantly impose their will upon you?

Does political correctness make you sick to the back teeth?

If you answered **YES** to any of the above questions, visit the Australian New Nation website and forum where real Australians are working to secure a safe and more prosperous future for you and your children.
