

ARE YOU WORRIED ABOUT YOUR FAMILY'S FUTURE?

Does increasing crime and soft penalties for offenders worry you?

Does globalisation make you worried about the future living standards of all Australians?

Does the export of Australian jobs to overseas countries due to a lack of tariff protection make you worried for the future of you and your family?

Are you worried about the increasing controls the government has over the lives of you and your family?

Do you think that more can be done to improve the lot of the average Australian worker?

Are you struggling more and more each week to keep food on the table and a roof over your head simply because the government is more concerned with large corporations making larger profits than they are about the welfare of the people who elected them?

Are you worried about the future of education for you and your children?

If you answered **YES** to any of the above questions, you are not alone. Visit the Australian New Nation website and forum where real Australians are working to secure a safe and more prosperous future for you and your children.
